

The Senate today decided on further measures to contain the corona pandemic in Berlin:

Mouth and nose covering

In future, there will be a requirement in Berlin to wear a face-to-face mask at all flea and weekly markets as well as in queues. In addition, it is mandatory to wear a mouth and nose covering on ten shopping streets: Tauentzienstrasse, Kurfürstendamm, Wilmersdorfer Strasse, Bergmannstrasse, Karl-Marx-Strasse, Alte Schönhauser Strasse, Spandauer Altstadt, Schloßstrasse, Friedrichstrasse, Bölschestr . Everyone is obliged to wear a mouth and nose cover in places where the minimum distance of 1.5 meters is not always possible due to the limited space.

Contact restrictions

In future, a maximum of 25 people will be allowed to stay outdoors at private gatherings. Only up to two households or one household plus five other people are allowed to meet inside for private gatherings.

The measures apply from October 24, 2020.
